

Parents and youth Contract: Technology Use

I know that technology use is **a privilege**. I respect that my parents love me and want to keep me safe. My parent's respect that I am becoming a young adult and want **the privilege**. These are family rules we all must follow. With that in mind, we agree:

1. I know that I am required to contribute to the cost of my cell phone. My contribution is: \$___/month. Mom and Dad will pay for phone insurance and minutes.
2. My cell phone must be turned off at _____ pm each school night and TBD pm in the summer and Friday and Saturday nights. It is my responsibility to be sure the cell phone is being recharged each night in the _____.
3. I agree that if I am unable to keep up with my responsibilities, the use of my cell phone can be taken away from me. This can happen even if I have contributed to the cost of the cell phone plan.
4. I will not use my cell phone to take pictures of nudity, violence or other unallowed instances.
5. I will not take a picture or video of anyone without that person's permission.
6. I will not use my cell phone to call anyone for malicious purposes. (bullying, prank calling, etc.)
7. Do not ever ignore a phone call if the screen reads "Mom" or "Dad". Not ever.
8. Your cellphone does not go to school with you. *Half days, field trips and after school activities will require special consideration.
9. If your phone is lost, stolen or damaged you are responsible for the replacement costs or repairs. It will happen, you should be prepared.
10. Do not use this technology to cheat (gain a advantage over other person).
11. Do not involve yourself in the digital drama. If you are found to be a participant you will loose tech privileges. Anything you do through technology leaves a trail.
12. I will limit the number of people I give my phone number and screen names.
13. Mom and Dad will meet all of your followers/digital friends in the real world, no exceptions.
14. I will limit the amount of time I am on the phone. These limitations include no texting during meals or when spending time with family or extended family.
15. I will not download any app without prior approval from a parent.
16. I will not enable or disable any privacy settings on my phone without my parent's permission.
17. Mom and Dad will have access to all phone passwords and voice mail, social networking, video game passwords. Including new social network and electronic devices. You must update changes to passwords. Passwords will be stored in a sealed envelope and **ONLY** opened if the contract is violated.
18. I understand that Mom and Dad have the right to look at my text messages and my phone history. It will only be reviewed if any item of the contract is violated (Grades, curfew violation, etc.).
19. If friends send inappropriate content I will let a parent know. The parent will not blame the child, or the technology for any reported digital behavior.
20. I will not share any personal info while online, this includes but is not limited to: family members birthdays, vacation plans, photos, or video without prior approval.
21. I will not create any type of account without my parent's permission. Parents have permission to check all devices for new accounts.

22. Parents have the right to go through any devices/accounts with probable cause. Assume everything you do online is being monitored and act accordingly. Let your friends know that you are being monitored as well.

The consequences for not following through with these limits on my cell phone use are:

Loss of phone use as determined by Mom and Dad.
